

Cancer Research UK Relay For Life comes to Crystal Palace!

A group of volunteers from Crystal Palace are organising a unique fundraising event in aid of Cancer Research UK at Crystal Palace Athletics Stadium on 10th - 11th July.

Relay For Life Crystal Palace will be a fantastic community event where teams of friends, family and work colleagues come together to celebrate their fundraising for Cancer Research UK.

Teams fundraise in the run up to the event and then on the day they will come to Crystal Palace Athletics Stadium and set up camp ready for a fun packed 24 hours!

Each team has one person walking the track throughout the 24 hours, to symbolise that our fight against cancer continues around the clock! Throughout the 24 hours there are games, stalls, entertainment and activities for everyone to get involved with.

Cancer Survivors from the local community are the guests of honour for the event and have a special ceremony where they do a lap of honour. At dusk candles are lit in paper bags decorated in memory or in celebrations of loved ones affected by cancer.

Relay For Life is an event for the whole family! We're looking for people to enter teams, come along as survivors, provide entertainment and stalls and help with the organising of the event. If you are interested in getting involved please visit the website, <http://www.cancerresearchuk.org/relay/venues/crystalpalace/> or contact the volunteer organiser Aimee Mitchell on 07875 154564 or e-mail her at aimeemitchell@rocketmail.com

Together we will beat cancer
